"I was severely afflicted with scrofula, and ver a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and and cured." C. E. LOVEJOY, Lowell, Mass. C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilia cured him.

Szit Rheum

is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier. William Spies, Elyria, O., suffered greatly from erysipelas and sait rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's saparilla, and now says; "I am entirely well." "My son had salt rheum on his bands and on the calves of his legs. He tood Hood's

Sarsaparilla and is entirely cured." J. B.

No Universal Remedy

has yet been discovered; but, as at least four-fifths of human diseases have their source in Impure Blood, a medicine which restores that fluid from a deprayed to a healthy condition comes as near being a universal cure as any that can be produced. Ayer's Sarsaparilla affects the blood in each stage of its formation, and is, therefore, adapted to a greater variety of complaints than any other known medicine

Boils and Carbuncles,

which defy ordinary treatment, yield to Aver's Sarsaparilla after a comparatively brief trial.

Mr. C. K. Murray, of Charlottesville, Va., writes that for years he was afflicted with boils which caused him much suffering. These were succeeded by carbuncles, of which he had several at one time. He then began the use of Ayer's Sarsaparilla, and after taking three bottles, the carbuncies disappeared, and for six years he has not had even a pimple.

That insidious Zisease, Scrofula, is the fruitful cause of innumerable complaints. Consumption being only one of many equally fatal. Eruptions, ulcers, eyes, glandular swellings, weak and wasted muscles, a capricious appetite, and the like, are pretty sure indications of a scrofulous taint in the system. Many otherwise beautiful faces are disfigured by pimples, eruptions, and unsightly blotches, which arise from impure blood, showing the need of Ayer's Sarsaparilla to remedy the evil.

All sufferers from blood disorders should give Ayer's Sarsaparilla a fair trial,—avoiding all powders, ointments, and washes, and especially cheap and worthless compounds, which not only fail to effect a cure, but more frequenti gravate and confirm the diseases the dulently advertised to remedy

"Oh. no." was the hasty reply. "My husband lives. He is Dr. Miramon," and she drew herself up proudly. "I wear black," she resumed, "because he is a prisoner, and there is no hope that he will ever be restored to me. But he wears no convict stripes. His offense was political. Jose Garcia had heard of it. He knew that Dr. Miramon had been arrested be-

"This little place," said the senora, "is not mine. I rent it and live here with two old servants, who are devoted to me. But for them there would be nothing in store for me but starvation. Newspapers Versus Magazines

The ranks of newspaper syndicate writers are swelling continually, and almost every week finds a new addition to the list. All this is an indication of the rapid strides which the newspaper is making as a rival to the monthly maga zine. It would be an interesting study for any one to sit down and compile a list writers whose pen tracks can each week be found in the Saturday or Sunday newspaper. The result would include the brightest literary talent, and when it is swelled with others, as without doubt it will be before long, one might be par-doned in asking: "Who are left for the doned in asking: "Who are magazines" - New York Star.
